COMPASSION IN CRISIS

VOLUNTEER

"...the army behind The Army..."

From its inception, The Salvation Army has relied heavily on volunteers who support its programs. Often referred to as "the army behind The Army," volunteers play a crucial role in response efforts during a disaster by positively impacting the lives of those involved. The Salvation Army's Emergency Disaster Services is always looking for individuals ready to make a significant

contribution through supporting communities, uplifting families or serving front line responders in the wake of a crisis.

As a volunteer you will be of priceless value to your community and The Salvation Army. We appreciate our volunteers and recognize their strengths and achievements. Individuals interested in volunteering may go to "Our Disaster Services" found under the About Tab to learn more about the core basic services found in most Salvation Army disaster services programs, and areas where you may volunteer to serve.
